Good Evening,

During Governor DeWine's press conference today, he declared all K-12 schools to be canceled for three weeks, **beginning on Tuesday March 17th and going through April 3rd**. Students can report on Monday to school. While children are under less of a threat of this virus, they can be active carriers to others that are deemed high risk.

During these three weeks, we will be providing work for the students to do. The work will be on our website and a link will be coming next week both through Email and on our Facebook page to get to it. Also, many of our students will have assignments assigned on MobyMax. MobyMax is an online program that many students use in our school. These assignments will be graded based on effort and not the amount they have correct.

During this time, we will be in constant contact with our local health agencies and the Diocese of Cleveland. Governor DeWine will also reassess the situation and update us on the next steps. **Our number one goal is the safety of our children and the staff of our school.**

We know there are many questions that will come up throughout this process. Please email me at alarconj@stanthonylorain.com, if you have any questions. Please email your teachers as well, if you have specific curriculum questions.

We pray that all of this helps the situation and we can get back to focusing on the things that make us who we are today.

God Bless You,

Mr. Julio Alarcon
